RAIL BOARD'S RULING

4,000 Employes Affected by Decision Two Oklahoma Lines Are Included

ProffCAGO, Morch 28, All applions by whom the radirods of Thoking conditions and rates to Wheen that account he so-rails Matherial pares railway labo

The he heard rules that none of the prications by the "short line" rail nads nearly be acted upon unit tases pending that involving the standard roads are disposed of The decision, however, does not pretheir applications when the catendar is clear of cases involving the large roads and it does not of feet any decisions as to wages, hour

or labor or working condition previously rendered by the board. The decision is, in effect, a refusal to permit the short lines to participate for the present in the \$500,000,000 wage scale award for the standard lines made last summer. Employes on many of the roads affected, however, after receiving the same scale enjoyed by employes in same classes of labor on the large

Four thousand employes, varying from 25 to 400 for the several car-ciers included in the decision are

The labor board, in its decision makes a point of the fact that employes on the so-called short lines are not classified as to labor performed and control of the control o formed and that a comprehensive study would have to be made with regard to such classification before a reasonable decision could be given in the 200 or more cases. Today decision, the board states shall no in any way affect the right of em-ployes organizations of the carrier in question to meet with represent atives of the carriers on ware o working conditions and also does not affect the right to refer any dispute arising from such conference to the labor board.

labor board.

Among the roads affected by the decisions are the Chicago and illinois Midland railroad, Duluth and Northern Minnesota railway. Fort Smith and Western railroad, Lauisiana and Pacific railroad, Minnesota, Dakota and Western railway, Northern Oklahoma railway, Pacific Coast railroad, St. Louis and Hannibal railroad, Spekane International railway company and the Texas City ferminal company. terminal company.
